

CRIEFF HILLS COMMUNITY

PHASE ONE PERSONAL RETREAT SUITES & QUIET READING ROOM

The Personal Retreat Suites will be in a beautiful new building, in a private setting, on the west end of the property. An ideal place for an individual or couple to get away for a private retreat or to spend some quiet time to “recharge”. It will be close enough to the main conference centre but far enough away to provide a quiet space from conference activities.

The building will be built with energy efficiency in mind. The south facing windows will provide green house like rooms and provide solar heat capture.
